

...IS COMMITTED TO SERVING THE BEST INTEREST OF THE ANIMALS WE STRIVE TO PROTECT.

Foster-to-Adopt Spay/Neuter Agreement

Great River Rescue maintains a 100% spay/neuter policy. Every animal must be spayed/neutered prior to adoption. Therefore, unaltered animals may be sent into a foster-to-adopt home. Typically, animals are returned to Great River Rescue to be spayed/neutered at one of our partner veterinarians. However, you may choose to have the pet you are fostering spayed/neutered at the vet of your choice.

In choosing to spay/neuter the pet at my own veterinarian, I agree to the following:

1. I will make an appointment to spay/neuter surgery within two weeks of today's date and inform Great River Rescue of the appointment date promptly.
2. I will not have the pet spayed/neutered prior to 16 weeks of age.
3. I understand that Great River Rescue may contact my vet to confirm the appointment and inform the vet that the pet belongs to Great River Rescue until after the adoption is finalized.
4. I will pay the full adoption fee for the animal plus a \$50 deposit the day I take my new pet home. I acknowledge that the \$50 deposit will be refunded to me once GRR receives proof of the spay/neuter surgery and I have signed the adoption contract. I understand that the deposit will not be refunded if I do not provide proof of the spay/neuter. I will pay my deposit on a debit or credit card.
5. I will incur all the costs associated with keeping my pet current on needed vaccinations. I will provide proof of vaccinations and other treatments to Great River Rescue.
6. I will incur all the costs associated with getting the pet spayed/neutered. I understand that I will not receive a discount on my adoption.
7. I will have my veterinarian send proof of the spay/neuter surgery to Great River Rescue upon completion of the procedure.
8. I will finalize the adoption at Great River Rescue prior to picking it up from the vet after the surgery. I understand that my vet will not release the pet to me until I present a completed adoption contract from Great River Rescue.
