

ABOUT AKC REUNITE

AKC Reunite was founded in 1995 and is North America’s largest not for profit pet ID and recovery service. We are committed to pet identification, specifically ensuring pets have two forms of ID, a collar tag or pet id tag and a microchip, to aid in their quick identification and return home if they get lost.

AKC Reunite offers an incredible value for its microchip and ID service, with proceeds supporting the needs of the animals that inhabit and enrich our lives.

Our reach goes beyond identifying and reuniting pets, one-at-a-time. It is our hope to remain a pipeline of support through microchip and scanner donations, the AKC Pet Disaster Relief program, and our many other charitable programs.

IF EVACUATING

NEVER leave your pet at home. Most evacuations last only a few days, but sometimes you may not be able to return to your home quickly because of fallen power lines and other hazards.

Your pet should wear a collar with its rabies tag and identification at all times and have a sturdy crate or carrier for transport.

- Call 800-252-7894 or go to akcreunite.org to confirm your pet’s microchip has your current contact information.
- If you plan to go to a hotel, call ahead to confirm your pet is welcome.
